

Bluetooth® Wireless Technology Analog Clocks

Smart-Sync™

Traditional Series

For any customer who requires time synchronization, the Bluetooth® wireless technology solution is an uncomplicated, easy to install, product that continually and automatically recreates its own network. Competitively priced, Smart-Sync™ clocks with Bluetooth Wireless Technology are available solely through Primex, the sync time leader, and our certified partner network. Available in a variety of colors, sizes and dial options including custom dials to showcase your facility name or logo.

- Smart-Sync clocks 'wake up' once daily
- Clocks synchronize time via Smart-Sync Bridge
- Clocks form network based on strongest signal to another clock or the Smart-Sync Bridge
- If one clock fails, other clocks will 'find their way home' to the strongest signal
- Smart-Sync Bridge reports clock status to OneVue
- OneVue accessible via PC or mobile devices
- Two-year warranty on Smart-Sync Traditional Series analog clocks (Exception: 1-year warranty on Education Series)

TRADITIONAL SERIES ANALOG CLOCKS

Easy-to-read dials and durable thermoplastic frames and lenses make our Traditional Series Analog Clocks ideal for almost any setting. Available in a variety of colors, sizes and dial options including custom dials to showcase your facility name or logo.
